

## RUYTON GIRLS' SCHOOL UNIFORM 2026

### TRANS SEASONAL APPROACH

*A trans seasonal approach to uniform is designed to promote dressing for comfort and functionality. While we continue to have winter and summer uniforms, on some days the weather conditions do not reflect the season, and it is not practical or comfortable for students to wear the seasonal uniform on such occasions. A trans seasonal approach provides greater flexibility in catering for individual student needs, while also providing choice.*

*Please note that the trans seasonal approach does not permit mixing items of the winter, summer and/or PE uniforms.*

*When students are taking part in excursions or formal occasions, families will be advised what uniform is required to be worn on the day.*

### SIZE GUIDE

### BODY MEASUREMENT TIPS

- When measuring yourself keep the tape firm but not tight
- Measure over undergarments for more accurate measurements
- If you don't have a measuring tape, use a piece of string and measure it using a ruler

#### CHEST

Measure around the fullest part of your chest. This is the key measurement for shirts/blouses & dresses. Make sure the measuring tape sits horizontally across your body.

#### WAIST

Measure around the natural waistline which is the narrowest part of your waist. This is an important measurement for trousers/pants/shorts & skirts

#### HIP

Measure around the fullest part of the hips

- Our Size Charts are in *Finished Garment Measurements*.
- Size Charts are located on each individual garment on the website, under the **SIZE CHART** tab.
- To determine the size you need to **ADD** to your *Body Measurements* the following:
- **BLAZERS, DRESSES, TUNICS, SHIRTS, BLOUSES, POLOS** and other upper body garments **ADD 10 - 12 cm**
- **TROUSERS, SHORTS, SKIRTS & TUNICS** - **ADD 5 - 8 cm** in the waist. These garments are often adjustable in the waist to allow for extra growth.
- A good way to check is to measure & compare a similar garment that is a comfortable fit.
